Carpenters Make Offer To Contractors.

WILL KNOCK OFF MONTH

Union Agrees to Postpone Eight Hour Demand to December First.

By a vote of 79 to 18 the Carpenters' Union last night adopted a resolution favoring the adoption of the eight-hour rule on December 1, 1900, instead of accepting the proposition of the Contractors' Association to have the rule go into effect on New Year's Day.

The resolution was passed during the course of the evening and was presented by C. A. Parker, president of the Carpenters' Union. The resolution reads:

Be it resolved, That we, the Carpenters' Union of Honolulu, knowing by the reports of our conference committee, that a large majority of the contractors of Honolulu at the first interview with our committee, personally agreed to accede to our request on the first day of November, 1900, if a majority of the contractors would agree to do so, and a majority of the contractors did agree, which we can prove by three members, and, relying on the personal promises, we have believed all the time up to 10 p. m. on October 31, 1900, that we should start in on an eight-hour basis on November 1—

NOW as the contractors got together on October 31, 1900, between the hours of 12 and 4 p. m. and entered into an agreement to form an association, and bound themselves to be governed by a majority vote, and did at a meeting subsequent to us a written agreement to adopt our request on January 1, 1901, we recognize the fact that there is now a Contractors' Association with which we can conduct our business, and we welcome the fact that such an association has been formed.

As we believe the business interests of our trade will be promoted by such action, now we believe the PROPOSITION of January 1, 1901, IS NOT MEETING US FAIRLY, as we have been used by the contractors. Therefore be it

RESOLVED, That we, the Carpenters' Union of Honolulu, believing we have treated the contractors of Honolulu in a fair and honorable manner in trying to obtain our request of an eight-hour day with no reduction of pay on the first of November, 1900, and while we know that we HAVE THE STRENGTH BACK OF US to obtain our action, we have requested, still we believe that the business interests of the community as well as that of the contractors and ourselves will be best promoted by CONSERVATIVE action.

HEREFORE, as the Contractors' Association has agreed to accede to our request on the first day of January, 1901, instead of November 1, 1900, as we have requested, we will, as a COMPROMISE MEASURE, accept the proposal from the Contractors' Association to have the time for DECEMBER 1, 1900, instead of January 1, 1901. And we have requested, still we believe that the business interests of the community as well as that of the contractors and ourselves will be best promoted by CONSERVATIVE action.

The meeting was harmonious, although the question of compromising or carrying over the original intention of the association was discussed at length. President Parker was desirous of having every man's sentiments heard in the matter and latitude was given for that purpose. A small majority was in favor of maintaining their position on the November 1 proposition and others were for giving it to the request of the contractors to have the matter delayed until the first of the coming year.

President Parker's resolution prevailed on the compromise, which is believed to be satisfactory to the contractors. The resolution will be presented formally to the Contractors' Association today to be considered by them at their noon meeting. A meeting of the Carpenters' Union has been called for this evening to receive the answer of the Contractors' Association.

President Parker said to an Advertiser reporter at the conclusion of last night's meeting: "We consider we have treated the contractors fairly and honorably up to this time, but we don't believe, as a Union, that they have treated us in the same fair manner. The resolution we have passed upon tonight was adopted during the course of the evening's discussion by a very large majority. We considered the whole business in a spirit of fairness, and trust that the objects of this resolution will be attained and that we will get to work on Monday next. We will present the resolution to the contractors tomorrow morning. Even though they accept our compromise there would be no need of getting back to work until Monday."

In the Carpenters' Union rooms is a large canvas on which is painted the following legend: "Eight Hours a Day, and These That Sit on the Fence Are Not Friends of Anybody."

Want Lepers Sent Here.

SAN FRANCISCO, Oct. 21.—The Federation of Mission Improvement Clubs last night passed a resolution opposing the purchase of the Partridge tract at day view for a site for a pesthouse, and declared itself opposed to the location of such an institution anywhere in the limits of the county. A committee was appointed to request Congressmen Kahn and Loud to use their influence to have the government designate the stoloal settlement at Hawaii a national depot for lepers, where all affected with that disease shall be maintained. Request will also be made that Angel Island quarantine station be designated a temporary detention hospital for persons suffering from leprosy and smallpox.

Wyoming for Parker.

Senator C. D. Clark of Wyoming writes to a friend here that he sincerely hopes that the people of Hawaii will send Sam Parker to Washington as Parker is the strongest man of the three candidates. Senator Clark is positive that Parker, by reason of his acquaintance with the administration officials in Washington, can accomplish a great deal for Hawaii during the sessions of the 56th and 57th Congresses. In the State of Wyoming the Senator states that politics are boiling and the Republicans have the best of it and will carry the State by a big majority. Congressman Mondell, who is running for re-election is sure to get in by a good majority also. Mr. Mondell made a visit to Honolulu last year and has a large number of friends here who wish him success.

PACIFIC MAIL IN NEW HANDS

Vanderbilts get Control and New Steamers Will be Added Now.

NEW YORK, Oct. 23.—Control of the Pacific Mail Steamship Company changes. E. H. Harriman succeeds C. P. Huntington. Mr. Harriman and his colleagues have taken over a majority of Pacific Mail capital stock. Identified with Mr. Harriman in this new big deal—one of international significance—is William K. Vanderbilt.

Under Mr. Huntington's direction the Pacific Mail Steamship Company was a tender to the Southern Pacific interests; its operations subordinate to Mr. Huntington's great railway. In its new control the company will have scope never hitherto contemplated. The acquisition of the Pacific Mail Steamship Company makes possible the immediate accomplishment of Mr. Vanderbilt's cherished plan of a continuing transportation system—virtually under one management—from the Atlantic through to the Pacific Coast, and thence direct to the Far East.

The New York Central system, linked to the Union Pacific by the Chicago & Northwestern, with natural auxiliaries already possessed, will now connect with Pacific Mail steamships for continuous transportation service to China and Japan. Philippine trade is also of course to be incidentally commanded.

Strenuous efforts have been made to keep secret the details involved in the coup by which Mr. Harriman has been able to obtain the Pacific Mail control. Mr. Harriman and Mr. Huntington were close friends, but until Mr. Harriman disclosed to friends of Mr. Huntington his personal control of the majority of the capital stock of the Pacific Mail Steamship Company, there was little anticipation of what he was accomplishing.

Under Mr. Harriman's control, in which W. K. Vanderbilt directly participates, the Pacific Mail Steamship Company's affairs will be revolutionized. More steamships—not one or two, but many—will be forthwith added to the company's service. Most of them will be for the Asiatic trade.

It may be disclosed that James J. Hill of the Great Northern Railway, is also interested in Mr. Harriman's project.

Some important changes in the personnel of the Pacific Mail Steamship Company are likely to be soon announced, and Mr. Harriman and W. K. Vanderbilt Jr., may enter the directorate.

Edwin Hawley, for some years one of C. P. Huntington's chief lieutenants, can have the Pacific Mail presidency if he will accept. Mr. Hawley is credited with having recently declined the Southern Pacific Railway presidency for the reason that he was not willing to give up his residence in New York.

Mr. Harriman went West yesterday, immediately following his return Pacific Mail changes will be announced. In Chicago Mr. Harriman will meet representatives of the Union Pacific and Chicago & Northwestern, and if not James J. Hill personally, one of the latter's Great Northern associates.

Under Mr. Huntington's control the Pacific Mail Company practically confined itself to relations with the Southern Pacific Railway; under a Harriman-Vanderbilt control it will have the business of various systems.

AN APPROPRIATE REMINDER.

He was rather a rascally young man and kept very late hours. He was going on a long journey, and on bidding farewell to his beloved he said to her: "Darling, when I am far away, every night I will gaze at you star and think of thee. Wilt thou, too, gaze at you star and think of me?" "I will, indeed, dearest," she replied. "If I needed anything to remind me of you I would choose this very star."

"Why?" he asked.

"Because it is always out so late at night and looks so pale in the morning."—Pick Me Up.

A GREAT MEDICINE.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly for it." This remedy always gives the good opinion, if not praise, of which it is worthy. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by Benson, Smith & Co., Ltd., wholesale agents.

BLOOD

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood. This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's emulsion of cod-liver oil. It sets the whole body going again—man woman and child.

We'll send you a little to try, if you like.
